

Half Moon Lumbar Cushion

Description

VERSATILE LUMBAR SUPPORT

Providing firm support, the half-moon lumbar cushion relieves pain, pressure and fatigue in the lower back

CONTOURED CUSHIONING

Following the natural curvature of the spine, the half-moon shape promotes improved posture to reduce muscle fatigue and tension in the back, shoulders and neck

SECURE TO ANY SEAT

An integrated adjustable strap with a quick-release buckle secures the lumbar support to any seat, including office chairs, car seats or airline seats

RESILIENT FOAM INTERIOR

Constructed with high-density foam that retains its shape for exceptional support throughout the day

RESILIENT FOAM INTERIOR

Constructed with a firm, high-density foam that retains its shape for exceptional support throughout the day

BREATHABLE MESH COVER

Remaining cool and dry, the zippered mesh cover allows heat to quickly dissipate for exceptional comfort
